Friday			Science	Geog.			
Saturday	Maths	English		Food Tech.	French		
Sunday	History			French	Food Tech.		

- Decide how you want to break up your day, 30 minute slots or whole hours. Hour slots can be divided on the timetable.
- You might want to write your timetable in pencil so it can be changed easily.
- Make sure you remember to take breaks.
- Be realistic, only write down what you think you can manage and don't worry if your friends' timetables are different to yours.
